## LAFOURCHE PARISH WATER DISTRICT NO. 1

### JOB PROGRESS REPORT JANUARY 17, 2022

We are pleased to present the following report on the projects we are working on for the Lafourche Parish Water District No. 1:

#### ***Water Line Replacement, Cliff Lane, et al:***

Bids were received on June 14, 2018. The Water District awarded the construction contract to Sampey General Contractors, Inc., in the amount of \$408,590.00. The contract is being processed. Contractor will be scheduled to begin after they complete other projects for the Water District.

#### ***Water Line Relocation, LA1, Golden Meadow, SPN H.008145:***

Bids were received on December 7, 2021. The lowest responsive bidder was LA Contracting Enterprise, LLC, with a bid of \$2,019,400.00. LPWD#1 awarded the construction contract to LA Contracting. The construction paperwork is being processed.

#### ***18" Water Line - Galliano to Cut Off:***

GIS submitted a preliminary set of bid documents to LPWD#1 staff for their review.

Thank you for this opportunity to serve you. If you have any questions, please do not hesitate to call.

Sincerely,

John J. Plaisance, II, P.E., L.S.

**STATUS REPORT**  
**January 20, 2022 BOARD MEETING**

**SOUTH PLANT FLOCCULATOR TROUGHS REPLACEMENT PHASE 2:**

The Contractor, Sealevel Construction, Inc., has provided a price of \$194,215.00 for the work and our Award Recommendation letter is presented for Board approval of Contract award to Sealevel Construction, Inc.

**SOUTH PLANT CARBON FEED SYSTEM UPGRADE:**

We are continuing to finalize the construction drawings and specification for final District staff review in mid-February. Bid advertising is expected soon after final approval of documents.

**NORTH PLANT RAW WATER TRANSFER PUMP UPGRADE:**

The electrical supply change out for the pumps is complete and the two existing pumps are operational on the new power supply feed. The new pump and VFD equipment are on site but not installed yet. Contractor is working on installing new pipe header segments to tie to new and existing pumps to the common discharge piping.

**NEW SURGE PROTECTION TANK AT SOUTH WATER TREATMENT PLANT:**

Tank fabrication is complete and tank delivery and installation is expected in the next 3 to 4 weeks. The Contractor is obtaining field pipe components to complete the site piping work shortly after tank installation.

**NORTH PLANT CAPACITY EXPANSION:**

Detailed design work and construction drawing preparation is progressing. Further review of progress components with District staff is expected next month.

Respectfully submitted,

**KECK & WOOD, INC.**

Re: South Water Treatment Plant  
Flocculator Troughs Replacement Phase 2  
Our Reference No. 190154.00

Dear Wayne:

We have reviewed the invited bids received at the Water District Office on January 4, 2022 for construction of the referenced project. One bid was received. The following is a summary of the bid.

<u>Bidder</u>	<u>Bid Amount</u>
Sealevel Construction, Inc. P.O. Box 1037 Thibodaux, LA 70301	\$194,215.00

Attached is a copy of his bid submittal. Since this project cost is below the state threshold of \$250,000, his price can be considered by the District for award. A bid bond, payment bond, and performance bond are not required for this contract due to it being below the state threshold cost.

The bid amount of \$194,215.00 is within the funds available for the project. We believe the bid price is fair and reasonable for the work required. The bidder, Sealevel Construction, Inc. has performed similar work for the District in the past and is considered qualified to perform the work required for this project.

Keck & Wood, Inc., therefore, recommends contract award to Sealevel Construction, Inc. in the amount of \$194,215.00 for construction of the South Water Treatment Plant Flocculator Troughs Replacement Phase 2 project.

If there are any questions, please contact our office.

Very truly yours,
