

**RE: Lafourche Parish Water District No. 1
Public Service Announcement**

Customer Update #2

Released as of Friday, January 26, 2024, (6:30pm)

Social Media Disclaimer:

If you are viewing this Public Service Announcement on Social Media, you are urged to visit www.lpwdla.org to confirm it is accurate and up to date.

For Immediate Release:

The Lafourche Parish Water District is continuing to work on a mainline water leak near the South Treatment Plant. We still do not have a timeframe for when the repairs will be complete and therefore cannot estimate when water pressures will be restored.

When water service is re-established, all customers between the Hwy 654 Bridge (Gheens Bridge) and the Lafourche-Jefferson parish line will be on a Boil Water Advisory and should avoid non-essential water use until further notice. Thank you for your cooperation and patience.

Updates:

Customers should stay tuned to News Media outlets and monitor the Lafourche Parish Water District's Website at www.lpwdla.org for further updates and additional information.

News Media Note:

Please repeat this announcement several times a day until further notice and advise the public that this information, along with future updates will be posted on the Lafourche Parish Water District's Website at www.lpwdla.org.

Wayne Gautreaux
General Manager
Lafourche Parish Water Dist. No. 1
