## **Terms and conditions**

I have been advised that I (myself or representative 18 years or older) must **meet** the customer service rep and sign acknowledgement **when turning my water on/off**. I understand that Lafourche Parish Water District No. 1 will not use my personal shut off valve to turn water on/off for any reason. **If no one is available to meet the service man, my order will be held until I am able to meet service man. Additional service charges may apply.** 

I have been advised that I must install a personal valve before a water meter can be placed in an empty or new box. I must call the District Office once the valve is installed. I also acknowledge that if meter is tampered with, I may be responsible for damages resulting from any tampering.

I understand that if the payment for an outstanding bill is not received by the Disconnect date, my account will be assessed a \$30.00 delinquent fee and may be subject to disconnection of service. If the service is disconnected, the full past due amount, the delinquent fee, and possibly a deposit is required to reinstate service.

Failure to receive the bill does not excuse responsibility for timely payment and does not prevent delinquent fee or service from disconnection.

I certify that the information provided is accurate and I acknowledge the disclosures above.
